REAL INGREDIENTS. REAL BENEFITS.
Feel good about what you drink.

Dirt Pour™ isn't your average beverage—and that's the point.

Crafted with real botanicals, herbs, fruits, and plant-based ingredients, every Dirt Pour is brewed with intention and never anything artificial. The result? A bold, layered drink that's worth sipping all on its own.

Then comes the fun part.

Our proprietary Buzz System™ lets you choose your experience. Stay No Buzz. Add a Baby Buzz for a light lift. Or go Big Buzz for the full cocktail experience. Same great drink. Three ways to pour.

Part craft cocktail. Part wellness ritual. Entirely its own category.

Because your drink should fit your moment—not the other way around.

This isn't an alternative. It's a better way to pour.
